# THE INTERNATIONAL NEUROTECHNOLOGY NETWORK

NeuroTechX is a non-profit organization whose mission is to build a strong global neurotechnology community by providing key resources and learning opportunities, and by being leaders in local and world-wide technological initiatives.

Since launching in August 2015, we have rapidly expanded into 11 cities across North America, Europe and Latin America.

We bring enthusiasts, hackers, and experts together to drive innovation and foster collaboration at local and international scales.

## VISION

We envision an inclusive and collaborative ecosystem of researchers, experts, hackers and enthusiasts and accessible resources and learning opportunities for all.

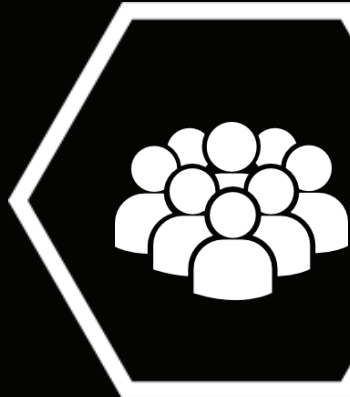

## INITIATIVES

NeuroTechX members can immediately gain access to a global network of talented neurotechies through our [city chapters](#) and [student clubs](#), participate in world-class conferences such as [NeuroTechX Summit](#), stay up to date on the latest [NeuroTechNews](#), learn by doing at events such as [Hackathons](#), collaborate on NeuroTechX [Moonshots](#), and nurture their brains at our [NeuroTechEDU](#).
